

action,  
v. The B. B. team of the Wellington  
H. S. came up and played our boys a  
on hot game last Thursday evening after  
c. school. Sumner H. S. held the county  
m. championship up to that time, but our  
e. boys took it from them by a score of  
n. 5 to 13. A return game will probably  
d. be played one week from next Friday  
c. night. All go who can.

d. It is often said that the best is re-  
g. served until last, but this week in our  
e. note column we fear it is otherwise.  
f. We are sad to chronicle the fact that  
r. in a double header, last Saturday at  
e. the town of Wichita with the College  
l. of Fairmount, our local B. B. teams  
e. were defeated - by defeated we mean  
- in score only. They were either  
c. ashamed of the teams or something  
d. else for they escorted them down cel-  
lar into a two by four room in which  
t. the games were played or rather at-  
l. tempted. It is a sad condition of af-  
fairs, but our little High School sports  
a far better court than the so-called  
mighty Fairmount. Nevertheless it  
was said by those present that they  
never had a better time. About fifty  
went from here.
