

Last Thursday evening, with about one-half days notice, the girls B. B. team came down and showed our girls how the game is played. The game was warmly contested throughout and until the very last it was doubtful who would come out winner, but, owing to the fact that our girls were not in their usual practice, the game ended in a victory for the Wichita girls with a score of 11 to 14. A return game will, if nothing hinders, be played next Saturday, at which time and place the boys will also play a game. Let everybody go who can and by your presence and cheering words, help the teams win their games.
